PPE & APPAREL

Preassembled Protective Eye Shields Tower

Twenty-five shields, already assembled, in a gravity-fed tower. Staff pull one and go. Nobody snaps a frame onto a lens at the door of a procedure room, and nobody washes one afterward.

- Gravity-fed tower keeps the next shield at the opening
- Preassembled and disposable, which is what gets them actually worn
- Lenses tested to ANSI Z87.1-2015 for Occupational and Educational Personal Eye and Face Protection Devices
- Sits on a shelf, a countertop, or a cart, or loads into the wall dispenser
- Lightweight frames in assorted colors, anti-fog lens

Product Specifications

ITEM NUMBER	DESCRIPTION	PACKAGE

BF-EST-CA200	Eye shields tower, case	25/box, 8 boxes/case (200)

> Item numbers and pack configurations on this sheet are pending final confirmation. Your quote will carry the confirmed numbers.

Need a configuration that isn't listed? Say so on your quote request and we'll price it. Call 404-488-5656 or write info@floorsuction.com.

Eye Shield Dispenser

Clear acrylic wall mount for the eye shields tower.

Face Masks

Procedure and surgical masks.

Isolation Gowns

Isolation gowns manufactured at volume, in the levels and sizes your units actually burn through.

Mounted at the sink, within arm's reach of the people who need it.

PPE & APPAREL

Eye Shield Dispenser

Wall-mounted storage and dispensing for the preassembled tower, right where the hands already are.

- Holds the Eye Shields Tower, BF-EST-BX25
- Wall-mounts anywhere in a healthcare setting, on most surfaces
- Gravity-fed, so the stack feeds as shields are taken
- Clear acrylic shows a low tower before it runs out
- Ships empty, so put towers on the same quote request
