KITS & TRAYS

IV Start Kits

IV start kits built to your component list, not to a catalog compromise. Custom configurations are the norm here, not an exception.

- Matched component for component to the kit your nurses use today, so nothing about the workflow changes
- Standard configurations available for facilities that want to convert immediately
- Sample kits ship free before anyone signs anything

Suture Trays

Complete suture trays for procedure rooms and the ED, sourced to hold pricing when the rest of the market moves.

Syringes

Syringes across the standard volume range, in a category where a fraction of a cent per unit is real money at hospital volume.

Exam Gloves

Exam gloves in the full size run, sourced and manufactured for facilities that got burned on this category once already.
