PATIENT CARE

Rinse-Free Patient Bath Cloths

Eight pre-moistened cloths in a resealable pack, each one soft enough to use on someone who has been in that bed for a week. No basin to fill, no rinse, no towel, and the cloths can go in the microwave first so the bath starts warm.

- Pre-moistened and ready, so a bed bath needs no basin, no rinsing and no drying
- Alcohol-free formula with aloe and vitamin E, gentle on skin that is already having a hard week
- Soft, non-woven 8" x 8" cloths in a peel-open, resealable pack that keeps the last cloth as wet as the first
- Scented and microwave-safe, so the bath can start warm
- Single use, and not made with natural rubber latex or DEHP
