STERILE SOLUTIONS & SYRINGES

Sterile Water

Sterile water for irrigation and preparation, supplied continuously through the national backorders that stalled everyone else.

- One Florida health system has been supplied through repeated multi-year shortages in this exact category
- Manufacturer relationship rather than distributor allocation, which is why supply held
- Standard bottle sizes stocked for OR and floor use

Product Specifications

ITEM NUMBER	DESCRIPTION	PACKAGE
BF-SOL-6001	Sterile water for irrigation, 500 mL	24/case
BF-SOL-6002	Sterile water for irrigation, 1000 mL	12/case

> Item numbers and pack configurations on this sheet are pending final confirmation. Your quote will carry the confirmed numbers.

Need a configuration that isn't listed? Say so on your quote request and we'll price it. Call 404-488-5656 or write info@floorsuction.com.

Saline Bottles

Sterile saline in the bottle sizes ORs and floors go through daily, from a supplier that treats it as a commitment rather than a spot buy.

Syringes

Syringes across the standard volume range, in a category where a fraction of a cent per unit is real money at hospital volume.

Syringe Fills

Prefilled syringes that take a preparation step out of the med pass and take waste out of the process.
